Recent Events

Well on February 9th Sun Camp served as an exchange point for the Ragnar Relay Race in which people from high school and on up run from Wickenburg to Mesa. It is an all day and night event. Many of the runners participate in these relays all over the country. It is an all day and night relay, with about 200 teams of 6 or 12 members running about a 200 mile course. There is a lot of enthusiasm and some teams run in costumes and really decorate their vans.

This is Sun Camp's largest fundraiser of the year as we earn monies not only for providing volunteers but also for the use of our grounds. This year we will earn over \$3000.00. Ragnar also raises money for other local charities.

Getting ready for the big day. Soon the place will be filled with teams and vans.

Sheila & Ron Kidder,
and Daphne Dugan

Thank you to all our volunteers, without you we couldn't do this.

Don't forget Robin Hodson of England will be here in mid-October, details will be coming up in future issues as we get them. His seminars are wonderful and every one learns a lot, these classes are for the novice as well as the experienced mediums.
